## Terrain and climate

Typical urban terrain without significant level differences, with multi-level areas.

The average height of the city above sea level is 167 meters, at the time of the competition it is expected to be approximately 10 °C, with 25% precipitation.

## Venue and access

The competition will be held in Tatabánya, one day before CEYOC in Csákvár, which is 30 km away.

The organizers do not provide transportation during the competition.

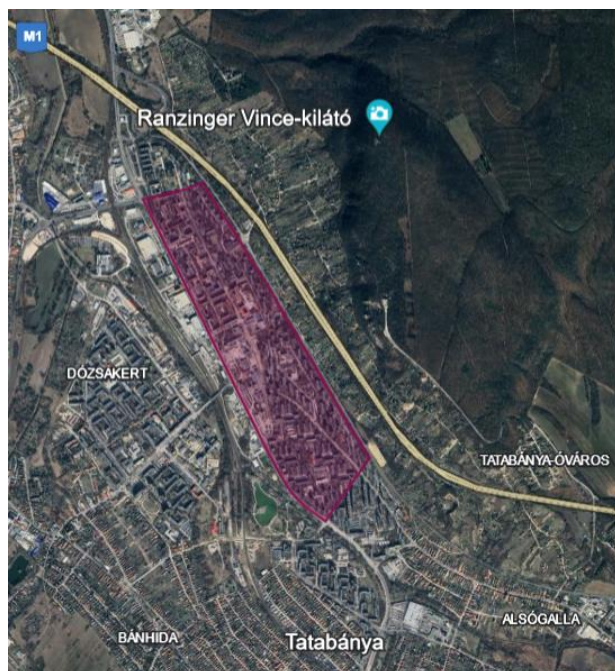

## Embargoed areas

According to the IOF Competition Rules (§ 26.5) any attempt for all potential athletes, team officials, and other persons, to survey or train in the competition terrain is forbidden (with or without map), unless explicitly permitted by the organiser. Attempts to gain any information related to the courses, beyond that provided by the organiser, is forbidden before and during the competition.

Entry to the area for other purposes (visiting institutions, accommodation, etc.) is not prohibited, if necessary.

The embargoed area is marked with purple on the overview map.

### Race 1

Format	Sprint
Ranking	<ul style="list-style-type: none"><li>IOF World Ranking Event (in class M/W 21E)</li><li>National ranking event</li><li>First round of the Hungarian Sprint League in classes M/W 18E, 20E, 21E</li><li>First round WOC selection race in Hungary</li></ul>

The rules of the IOF apply to the race.

The classes participating in the Sprint League (18E, 20E, 21E) run the same course, but different for each gender.

<b>Sprint League course 1</b>	M18E, M20E, M21E
<b>Sprint League course 2</b>	W18E, W20E, W21E

## Race 2

<b>Format</b>	Mass start sprint / individual sprint
<b>Ranking</b>	Non ranking competition

Race 2 will be held exclusively in the M/W 14E, 16E, 18E, 20E and 21E categories.

The first race serves as a qualifier in these categories for this race. Depending on the number of entries, 6-person finals will be held with a mass start. A maximum of 3 final groups were formed per category. Spreading method **course choice** will be applied.

Competitors who do not get into the final groups can run their course out of the competition with a condensed individual start. The course combination is randomly assigned to them, they have no choice.

The overall result of the competition is given by the placings of the final race. The ranking of competitors who do not reach the final is determined based on their ranking in the qualifiers.
